DAKSH PRAJAPATI

WEB & UI/UX DESIGNER

PROFILE

Creative and detail-oriented entry-level Web and UI/UX Designer with a strong foundation in user-centered design principles, responsive web design, and modern UI trends. Skilled in creating intuitive user interfaces, wireframes, and prototypes using tools like Figma and Adobe XD. Passionate about delivering visually appealing and functional digital experiences while continuously learning and adapting to new design technologies.

PROJECTS

Career Link

[Tap Here For Application Link](#)

- Designed end-to-end UI/UX for a career networking mobile application, creating wireframes, user flows, and high-fidelity screens using **Figma**.
- Developed a consistent design system including typography, color styles, and reusable components to ensure clean and scalable UI.
- Improved user experience by applying user-centered design principles, visual hierarchy, and intuitive navigation patterns.

Gant Jeans (E-commerce WebSite)

[Tap Here For Website Link](#)
